

ADSORB

Natural Vegetable Based
Activated Charcoal

For Intestinal Gas,
Diarrhea or Toxin Adsorption

Made In U.S.A.

50 capsules
(260 mg each)

Precautions: May interfere with effectiveness of some medications. May cause temporary darkening of the stool.

Do not use for extended periods of time (longer than two days), in high dosage, in the presence of fever or infection, or in the very young without professional advice.

Keep out of the reach of children.

Indications: For intestinal gas, diarrhea or toxin adsorption.

Directions: 1-4 capsules with meals or at first signs of difficulty. Repeat with each meal, each bowel movement, or as necessary at one hour intervals or as professionally advised. Do not exceed eight doses daily.

Persistent problems may require nutritional or medical care.
