

Available in 6 ounce, 7.5 pound, and 20 pound sizes.

SALT WITHOUT GUILT

WHOLE SALT™ are healthy alternatives to ordinary table salt or so-called "sea salt". Their origin from ancient sea bed sediment deposits assures that WHOLE SALT™ products are natural and complete salts. They are unlike other salts that are simply sodium chloride fractions, high heat processed, bleached and chemicalized with various additives. GARLIC WHOLE SALT™ is a delicious seasoning that contributes a wide range of important healthful mineral nutrients known to be commonly lacking in the average diet. Additionally, organic (pesticide-free) garlic is blended in. Garlic is not only a flavorful and aromatic seasoning, but a source of nutrients demonstrated to have health-enhancing benefits.

Ask your retailer or contact us for further information detailing the differences between GARLIC WHOLE SALT™ and other commercial products.
