

**Probiosyn** is a concentrated blend of food enzymes, probiotic cultures and prebiotic oligosaccharides. Enzymes are present in all natural foods prior to being destroyed by heating. Amylase enzymes digest starch, protease digests protein, lactase digests milk lactose, lipase digests fat, and cellulase digests cellulose. Probiotic cultures are healthful organisms that populate the digestive tract and feed on prebiotic oligosaccharides.

Probiosyn enzymes and cultures are an excellent way to add health and life back to cooked and processed foods.\*\*

# PROBIOSYN™

## Foundation Formula

Made in USA

New,  
improved  
formula

### Natural Digestive Aid

### Dietary Supplement

### 60 Capsules ~ 650 mg. each

**Ingredients:** Prebiotics (including Inulin), Mannan oligosaccharides, Digestive Enzymes, Probiotic Cultures (including Lactobacillus acidophilus, Lactobacillus bifidus, Lactobacillus plantarum, Enterococcus faecium), Birch Bark Extract and Natural Orange Flavoring.

**Suggested Dosage:** One capsule with each meal. For maximum absorption, open capsule and mix contents with 2 ounces of water. Sip throughout the entire meal. Probiosyn should be used as a part of the Wysong Optimal Health Program™.\*

For long-term usage discontinue two days out of every week and five successive days every month to decrease intolerance potential.

**- CONTAINS NO ADDITIVES -**

Probiosyn is provided in pure capsule form to eliminate the need for binders, excipients, coatings, or other unnecessary and potentially harmful additives. Store in a cool dry place or refrigerate. Please recycle the bottle.
